

Constructive Learning Design's 3-D Model

Start Anywhere.

Discover Mode:

Coaches partner with teachers to gain and deepen understanding of students' and teachers' current reality and needs.

Guiding Questions:

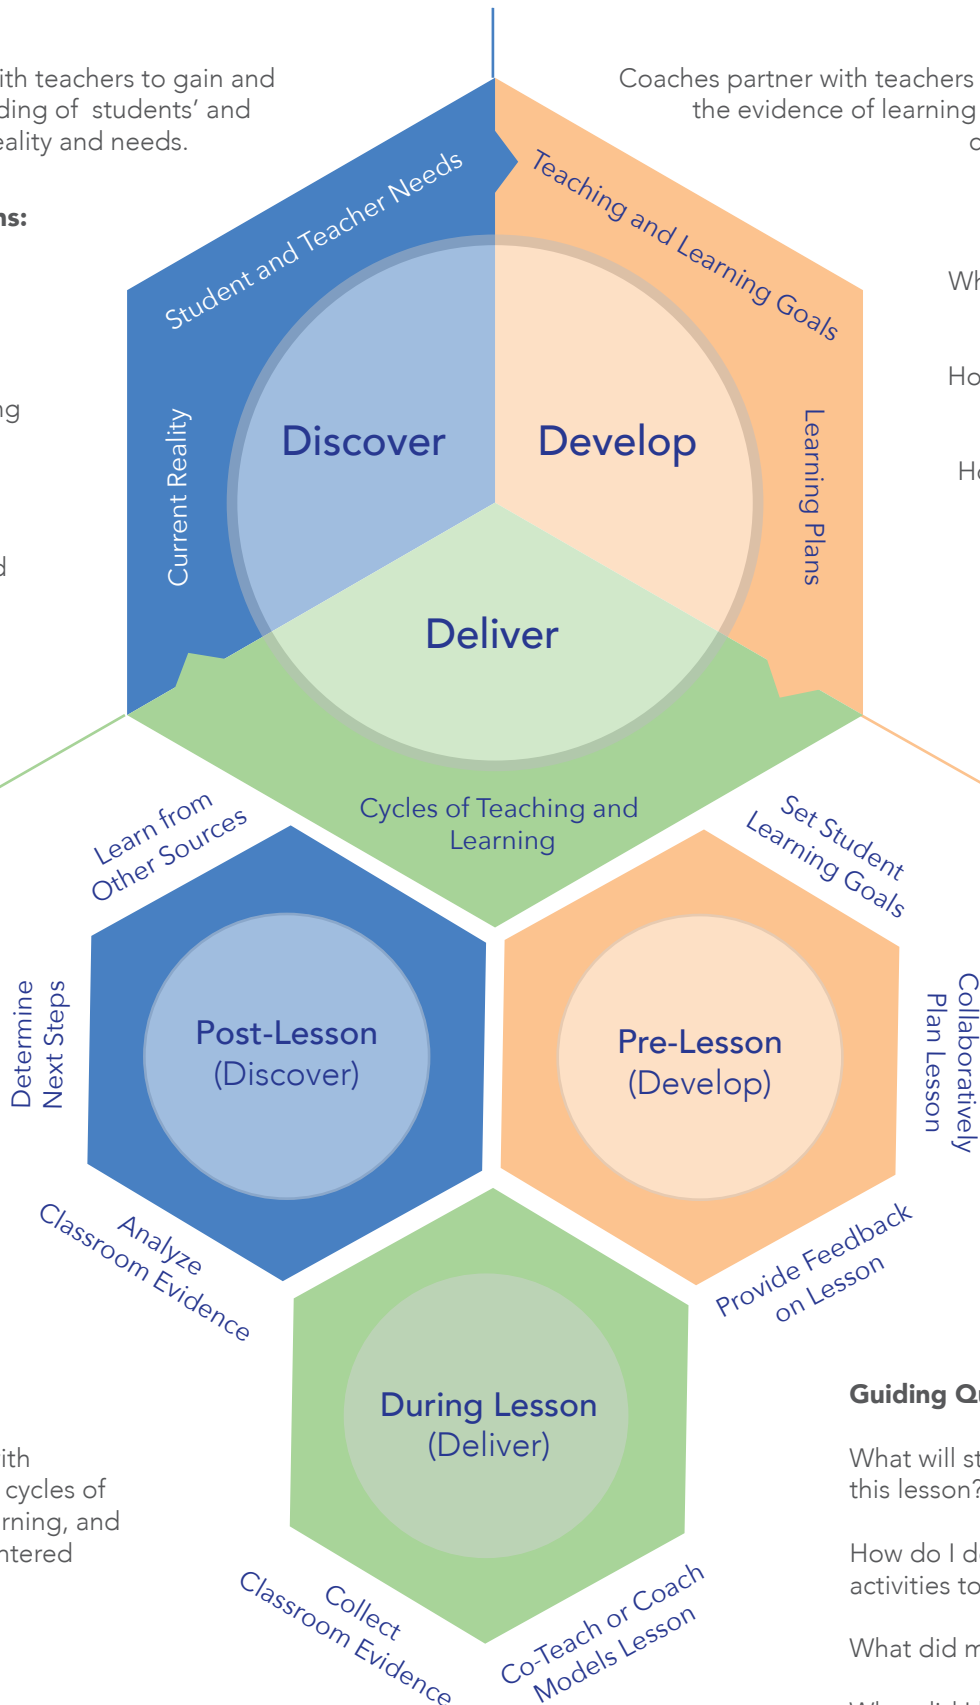

- What are students learning?
- What teaching strategies are being used?
- What do the students and teachers value and need?

Develop Mode:

Coaches partner with teachers to set goals, identify the evidence of learning to be collected, and create learning plans.

Guiding Questions:

- What will the teacher(s) learn next?
- How will we know if the teacher(s) learned?
- How will the teacher(s) learn?
- What now?

Deliver Mode:

Coaches partner with teachers to deliver cycles of job-embedded learning, and model learning-centered design.

Guiding Questions:

- What will students learn during this lesson?
- How do I design and deliver activities to facilitate learning?
- What did my students learn?
- What did I learn?
